WELCOME!

Welcome to your 2021 benefits! Use this benefits guide as a resource to compare plans and learn more about the coverages available to you.

If you have questions about your benefits, SISCO is available to help. Call (844) 631-6104 or find more information online at www.greenkey.tsebenefits.com.

ELIGIBILITY

You're eligible for benefits on the first of the month following your date of hire.

You may enroll your eligible dependents in the same plans you choose for yourself. Eligible dependents include your legal spouse or domestic partner and your children up to age 26 for medical and up to age 19 for dental (age 25 if full-time student).

New York State Legislation: You can continue medical coverage for eligible unmarried dependents up to age 29. Contact your HR department for details.

WHEN TO ENROLL

You can enroll for coverage within 30 days of your eligibility date or during the annual Open Enrollment period.

If you don't enroll for coverage within 30 days of your hire date, you won't receive health coverage during the plan year, unless you have a qualified change in family status (see Making Changes for details).

HOW TO ENROLL

To enroll online for you and your dependents, go to www2.benefitelect.com/be/greenkey.

Returning Users:

1. Enter your username and password.
2. Follow the prompts to enroll.

New Users:

1. Click "Register" and complete the registration process.
2. Click "Open Enrollment Site".
3. Update your personal information on the "About You" page. Click "Continue".
4. Update dependent information on the "About your Dependents" page. Click "Continue".
5. On the "Enrollment" page, enroll or waive coverage for yourself and your dependents. Make sure to update your beneficiary information!

Review your information on the Enrollment Summary. A confirmation statement will also be generated.

To enroll over the phone, call the SISCO Call Center at (844) 631-6104.

MAKING CHANGES

The choices you make when you are first eligible are in effect for the remainder of the plan year which ends on December 31. Once you enroll, you must wait until the next Open Enrollment period to change your benefits or add or remove coverage for dependents, unless you have a qualified change in family status as defined by the IRS. **You have 30 days to complete enrollment for qualifying event changes**. The following are a few examples:

- Marriage, divorce, legal separation, annulment or death of spouse
- Birth, adoption or placement for adoption
- Change in your residence or workplace (if your benefit options change)
- Loss of other health coverage
- Change in your dependent's eligibility status because of age, student status or any similar circumstance

MEDICAL COVERAGE YOU CAN COUNT ON

Take great care of your health through annual preventive care visits with your doctor. Review the medical plan options below to choose the plan that's best for you based on your medical needs and expenses in the upcoming plan year. This is only a brief summary of the plans. For more details, including limitations and exclusions, please contact Human Resources for a Summary Plan Description.

HOW TO FIND AN IN-NETWORK PROVIDER

OPEN ACCESS PLUS $1,500

You have the flexibility to see any doctor or visit any hospital of your choice; however, you will pay significantly less money out of your pocket if you use a doctor or hospital that is in the network. For most doctor visits and specialist visits, you simply pay a copayment at the time of service. Preventive care services are generally covered at 100%, with no cost share to you. You have a great deal of flexibility and choice with a PPO and can manage your out-of-pocket costs by remaining in network. This is a major medical plan with comprehensive services including surgical benefits and hospitalization. Listed preventative care services are covered at 100%. For other services, including routine office visits, procedures, lab work, prescription drugs, etc., no benefits will be paid until you meet your annual deductible.

Search for a PPO provider under the Choice Fund PPO at https://ifphcpdir.cigna.com/web/public/ifpproviders.

HIGH DEDUCTIBLE HEALTH PLANS

Although you have the flexibility to see any doctor or visit any hospital of your choice, you will pay significantly less money out of your pocket if you use a doctor or hospital that is in the network. Preventive care services are covered at 100% as long as your physician bills your visit as preventative. For other services, including routine office visits, procedures, lab work, prescription drugs, etc., no benefits will be paid until you have met your annual deductible. This is a major medical plan with comprehensive services including surgical benefits and hospitalization. Listed preventative care services are covered at 100%. For other services, including routine office visits, procedures, lab work, prescription drugs, etc., no benefits will be paid until you meet your annual deductible.

Enrollment in a High Deductible Health Plan enables you to open a Health Savings Account (HSA). Members who open an HSA can use accumulated tax-free contributions to pay for health care costs for yourself, your spouse and any tax dependents — including doctor and hospital visits, co-payments, eyeglasses, prescriptions, etc. You retain control of your account and you're able to rollover any funds remaining at the end of the year. From day one, the funds belong to you and can be used at any time in the future. 2021 Contribution limits for the HSA are individual ($3,600) and family ($7,200)." Please note that a $1,000 account balance is required to avoid a $3.50/month service fee.

TELADOC SERVICES SAVE YOU TIME AND MONEY

Teladoc's U.S. board-certified doctors are available 24/7/365 to resolve medical issues through phone or video consults (this service does not replace your primary care physician). Teladoc is a convenient and affordable option for quality health care. Some conditions Teladoc doctors can treat include, but are not limited to, cold and flu, allergies, bronchitis, urinary tract infection, respiratory infection, sinus problems and more! After signing up for Teladoc, you will receive a welcome kit with instructions for setting up your account, completing your medical history, and requesting a consult.

PRESCRIPTION DRUG CHANGES FOR 2021

WALGREENS 90-DAY MAINTENANCE PROGRAM & OPTUMRX HOME ADVANTAGE SELECT (MAIL ORDER)

You have two options to fill your 90-day maintenance medications. You are allowed two 30-day fills at your retail pharmacy, then subsequent fills must be obtained either through the Exclusive Walgreens 90-day Maintenance Program at a Walgreens retail pharmacy or through OptumRx's mail order pharmacy.

To obtain a prescription through the Exclusive Walgreens 90-day Maintenance Program, follow these steps:

1. Have your doctor write a 90-day prescription with refills and take it to a Walgreens retail pharmacy.
2. Take your ID card to your Walgreens pharmacy to ensure proper coverage and processing of your prescriptions.
3. Pay the appropriate copayment.

Save time and money through OptumRx Home Advantage with three easy steps:

1. **Enroll:** Contact OptumRx at (866) 516-2121 to register for mail order. After completion of the registration process, OptumRx will contact your physician for a 90-day prescription with refills.
2. **Order:** Place your order or enroll in OptumRx's auto refill program. Orders take 5-7 business days or more.
3. **Payment:** Payment must be received prior to prescriptions being released. For optimal results, agree to have a payment method remain on file.

NON-COVERED DRUGS: PROTON PUMP INHIBITORS (PPIS)

PPIs are a group of drugs used for the prevention and treatment of acid-related conditions. All PPI medications are available over-the-counter and will no longer be covered under the benefit plan.

VARIABLE SPECIALTY COPAY PROGRAM (VSCP)

For specialty medications dispensed by OptumRx Specialty Pharmacy, OptumRx will help you apply for copay assistance programs offered for your therapy to cover your out-of-pocket costs. If you qualify, the plan will cover the full cost of the medication and you will have a $0 copay for the calendar year. For specialty drugs not dispensed by the OptumRx Specialty Pharmacy or if the copay assistance program is not available, you are responsible for the full applicable copayment or coinsurance.

STEP THERAPY FOR MEDICATIONS TO TREAT DIABETES

Save money by choosing generic and preferred brand medications to treat your diabetes condition. OptumRx's Step Therapy Program helps you take advantage of the most cost-effective medication by requiring lower cost medications be tried first before more expensive drugs are covered. Ask your pharmacy to contact OptumRx to start the step therapy process.

OPTUMRX PREMIUM FORMULARY (NO CHANGES FOR 2021)

There will be no changes to the drug formulary (also known as a Preferred Drug List or PDL) for 2021. Be sure to visit the PDL at www.OptumRx.com to help you and your doctor choose the most cost-effective medication(s) covered under your plan. For questions, contact Customer Service at 866-516-3121 or visit www.OptumRx.com.

PREVENTATIVE SERVICES

The Plan pays 100% for in-network preventative services when the main purpose of the visit is for preventative care. Covered services are determined based on your age, gender, and risk status, and include the following screenings, counseling and appropriate immunizations:

All Members

- Yearly Preventative Medicine visits (Wellness Visits)
- All standard immunizations recommended by the American Committee on Immunization Practices
- Colorectal cancer, elevated cholesterol and lipids screenings
- Screening for certain sexually transmitted infections and HIV
- Screening and counseling for alcohol, tobacco use, obesity, diet and nutrition
- Blood pressure, diabetes, and depression screenings

For Women

- Breast cancer screening (mammography and evaluation for genetic testing for BRCA breast cancer gene)
- Cervical cancer screening, included Pap smears
- Gonorrhea, chlamydia, and syphilis screening
- Anemia, bacteriuria, hepatitis B virus, and Rh incompatibility screenings for pregnant women
- Instructions to promote and aid with breastfeeding
- Osteoporosis screening

For Men

- Prostate cancer screenings
- Abdominal aortic aneurysm screenings

For Children

- Newborn screenings for hearing, thyroid disease, phenylketonuria, sickle cell anemia
- Standard metabolic screening panel for inherited enzyme deficiency diseases
- Oral health screening and counseling for fluoride for prevention of dental cavities
- Screening for major depressive disorders
- Vision screening (at physical exam)
- Developmental/autism screening
- Lead and tuberculosis screening
- Counseling for obesity

*These products are not qualifying health coverage ("Minimum Essential Coverage") that satisfies the health coverage requirement of the Affordable Care Act. If you don't have Minimum Essential Coverage, you may owe an additional payment with your taxes. The termination or loss of this policy does not entitle you to a special enrollment period to purchase a health benefit plan that qualifies as minimum essential coverage outside of an open enrollment period. These products may include a pre-existing condition exclusion provision.

TIPS TO SAVE MONEY

Preventive/Wellness Exams Covered at 100%

- Preventive care is equal to one physical exam per year per enrolled member
- Females get an annual well-woman exam covered at 100% in addition to their annual exam
- No deductible expenses apply—the exam is completely no cost to you provided it's coded as preventive

Prescription Drugs

- Ask your doctor if there's a generic version of the medication they're prescribing or you're already taking
- Take advantage of the Generic Prescription Savings Programs at major retailers
- Ask about free samples from your doctor and/or manufacturer rebates

High Cost Scans, X-Rays & Tests

- MRI, PET scans, CT scans, etc. are nearly 2/3 less costly at free-standing, in-network imaging centers than at hospitals
- Finding an in-network, free-standing imaging center can save you a substantial amount of money

Accessing Medical Care

The ER is a costly experience for issues that aren't true emergencies. There are alternatives that can offer you quick care at a much more affordable cost. The key is finding these alternatives today when you're happy and healthy.

- Doctor's office: for symptoms that aren't extreme, call and let them know your symptoms require immediate attention
- Convenient Care Clinics: use when you don't have a primary doctor or can't get an appointment. Good for fever, sore throat/strep, coughs/congestion, sports physicals, UTIs, etc. Visit cvs.com or walgreens.com to find a clinic near you
- Urgent Care (UC): less costly than the ER; can treat sprains/strains, minor breaks, mild asthma, minor infections, rashes, small cuts, burns, etc.

VOLUNTARY DENTAL COVERAGE WORTH SMILING ABOUT

Your voluntary dental insurance uses the Cigna network of providers. Choose in-network dentists at www.mycigna.com or by calling (800) 244-6224 for the best coverage so you save money on dental services.

BASIC LIFE AND ACCIDENTAL DEATH & DISMEMBERMENT (AD&D) INSURANCE

Your designated beneficiary will receive a benefit to help ease their financial burden if you die from a covered accident or illness. Accidental Death and Dismemberment (AD&D) provides an additional benefit if you die or become dismembered due to a specifically covered accident. The cost of the benefit is 100% paid for by the company.

	Basic Life/Accidental Death & Dismemberment
Benefit Amount	1x salary up to $200,000 - Life 100% of Life Amount - AD&D
Carrier	Prudential: www.prudential.com

VOLUNTARY LIFE AND AD&D INSURANCE

An employee's maximum benefit election cannot exceed 7x their basic annual earnings. Coverage for child(ren) available from live birth to 19 years old (25 if full time student).

The cost of the benefit is 100% paid for by you. Your age and the amount of insurance you elect determines the premium you'll pay. Costs will go up as you age. See the Prudential enrollment kit for more detail benefit information including rates.

Important!
Review and update your beneficiary information as situations may change.

	Employee	Spouse	Child(ren)

SHORT & LONG-TERM DISABILITY

If you become ill or suffer an injury that prevents you from working, this form of disability insurance replaces a portion of your income for a defined maximum period of time. **Plan details:**

Disability Coverage	Short -Term (STD)	Long -Term (LTD)
Waiting Period	Begins on the 15th day of continuous injury or illness	Begins on the 181st day of continuous injury or illness
Benefit Amount	60% of weekly earnings	60% of monthly earnings
Maximum Benefit	$2,000 per week	$10,000 per month
Premium Contribution	Company paid	Company Paid or Employee Paid*
Carrier	Guardian www.Guardiananytime.com	Mutual of Omaha www.mutualofomaha.com

INCOME PROTECTION

Because a disability can occur at any time and at any age, Green Key Resources provides a level of income protection if you become disabled and cannot work. The LTD is paid in full by Green Key Resources. During Open Enrollment you can decide if:

- **You will pay for your LTD coverage on a post-tax basis through automatic payroll deductions.** In this case, LTD benefits you receive would be paid to you tax-free.

OR

- **Green Key Resources pays for your LTD coverage.** However, any benefits you receive would be taxed as ordinary income.

After you have been disabled for 180 days and have been approved by the insurance company for LTD benefits, your monthly benefit would be 60% of your monthly earnings, up to $10,000 per month. LTD benefits continue until you no longer meet the definition of total disability or reach age 65, or Social Security Normal Retirement Age. (If you are 61 or older, LTD benefits may extend past age 65.) Please refer to your HR department for additional details about the benefits and limitations. If you choose to pay for LTD coverage, your cost is $0.145 per $100 of monthly earnings and is deducted from your paycheck on a post-tax basis.

CALCULATING YOUR COST FOR LTD INSURANCE

1. Write your annual salary (If paid by the hour, multiply your hourly rate by the number of hours you work per week. Then, multiply the result by 52)	A. _____
2. Divide A by 12	B. _____
3. Divide B by 100	C. _____
4. Multiply C by the LTD rate ($0.145 per $100 of covered monthly earnings). This is your monthly premium	D. _____
5. Multiple D by 12. This is your annual premium	E. _____

**Note: If you are currently enrolled and Green Key is paying the premium on your behalf, and you decide that you would like to start paying the premium, you must pay premium for 3 years before the IRS will recognize the benefit as tax free.*

FLEXIBLE SPENDING ACCOUNT (FSA) & COMMUTER BENEFIT

FSA – MEDICAL, DEPENDENT CARE & LIMITED MEDICAL (PAYCHEX)

An FSA allows you to put pre-tax dollars into an account to pay for you and your family's medical expenses such as doctors office visits, hospital visits, prescription drugs, dental services and vision services. Another electable option for your FSA is to pay for eligible dependent care expenses throughout the year. Care must be provided by a licensed professional/facility recognized by the state. The money must be used for qualifying expenses during the plan year – it cannot be rolled over to the next year (Medical FSA is the only exception).

Plan details:
- Pay for out of pocket expenses with pre-tax dollars
- Elect up to $2,750 per year in your medical flexible spending account for unreimbursed medical expenses
- Elect up to $5,000 per year in your dependent care flexible spending account for dependent care expenses

FSA FACTS

In exchange for tax advantages, the IRS requires eligible expenses be incurred and submitted in a timely fashion, so you will not forfeit any unused balances. The following rules apply to FSAs:

- **You are allowed to roll over any remaining amount up to $550 from the 2021 to 2022 Medical FSA account.**
- **The two Accounts are separate.** You cannot use the money in your Health Care FSA to pay for Dependent Care expenses, nor vice versa.
- **You MUST enroll in the FSAs each year during Open Enrollment.** Your enrollment will not carry over to the next plan year.
- **Please note that if you are enrolled in the HSA Medical Plan, you may not be enrolled in the Medical FSA Plan.**

COMMUTER BENEFIT – TRANSIT & PARKING (P&A GROUP)

The Parking and Transit Expense Reimbursement Plan enables you to avoid taxes on the money you use to pay for work-related parking or transit. Estimate the money you expect to pay for parking or transit and have that dollar amount withheld from your paychecks pre-tax each month. The money you elect to be withheld from your paycheck is credited to an account in your name that is used to pay for your parking or transit expense.

Plan details:
- Transportation: pre-tax up to $270/month or $3,240/year
- Parking: pre-tax up to $270/month or $3,240/year

IMPORTANT NOTICES

COBRA CONTINUATION OF COVERAGE NOTICE

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator. For additional information regarding COBRA qualifying events, how coverage is provided, and actions required to participate in COBRA coverage, please see your Human Resources department.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 (or 96 hours).

WOMEN'S HEALTH AND CANCER RIGHTS ACT

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

All stages of reconstruction of the breast on which the mastectomy was performed; Surgery and reconstruction of the other breast to produce a symmetrical appearance; Prostheses; and Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your plan administrator.

SPECIAL ENROLLMENT EVENTS

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is elected. Please be aware that most special enrollment events require action within 30 days of the event.

Please see Human Resources for a list of special enrollment opportunities and procedures.

GINA

The Genetic Information Nondiscrimination Act (GINA) prohibits health benefit plans from discriminating on the basis of genetic information in regard to eligibility, premiums, and contributions. This generally also means that private employers with more than 15 employees, its health plan, or "business associate" of the employer, cannot collect or use genetic information (including family medical history information). The one exemption would be that a minimum about of genetic testing results may be used to make a determination regarding a claim.

You should know that GINA is treated as protected health information (PHI) under HIPAA. The plan must provide that an employer cannot request or require that you reveal whether or not you have had genetic testing; nor can you employer require you do participate in a genetic test. An employer cannot use any genetic information to set contribution rates or premiums.

PRESCRIPTION COVERAGE AND MEDICARE

This notice has information about your current prescription drug coverage with your company and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:
1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare.
2. Your company has determined that the prescription drug coverage offered by the Staffing Exchange is, on average for all plan participants, NOT expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?
You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.
However, if you lose your creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

For More Information About Options Under Medicare Prescription Drug Coverage…
More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage:
Visit www.medicare.gov.
Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

NOTICE OF PRIVACY PROVISION

This Notice of Privacy Practices (the "Notice") describes the legal obligations of The Sedona Group (the "Plan") and your legal rights regarding your protected health information held by the Plan under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Health Information Technology for Economic and Clinical Health Act (HITECH Act). Among other things, this Notice describes how your protected health information may be used or disclosed to carry out treatment, payment, or health care operations, or for any other purposes that are permitted or required by law. We are required to provide this Notice of Privacy Practices to you pursuant to HIPAA.

The HIPAA Privacy Rule protects only certain medical information known as "protected health information." Generally, protected health information is health information, including demographic information, collected from you or created or received by a health care provider, a health care clearinghouse, a health plan, or your employer on behalf of a group health plan, from which it is possible to individually identify you and that relates to:
(1) your past, present, or future physical or mental health or condition;
(2) the provision of health care to you; or
(3) the past, present, or future payment for the provision of health care to you.

If you have any questions about this Notice or about our privacy practices, please contact your Human Resources department. The full privacy notice is available with your Human Resources Department.
enrollment period, you will not be eligible to enroll until next year's annual open enrollment period

USERRA NOTICE

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) established requirements that employers must meet for certain employees who are involved in the uniformed services. In addition to the rights that you have under COBRA, you (the employee) are entitled under USERRA to continue the coverage that you (and your covered dependents, if any) had under The Sedona Group Plan.

You Have Rights Under Both COBRA and USERRA. Your rights under COBRA and USERRA are similar but not identical. Any election that you make pursuant to COBRA will also be an election under USERRA, and COBRA and USERRA will both apply with respect to the continuation coverage elected. If COBRA and USERRA give you different rights or protections, the law that provides the greater benefit will apply. The administrative policies and procedures described in the attached COBRA Election Notice also apply to USERRA coverage, unless compliance with the procedures is precluded

by military necessity or is otherwise impossible or unreasonable under the circumstances.

Definitions
"Uniformed services" means the Armed Forces, the Army National Guard, and the Air National Guard when an individual is engaged in active duty for training, inactive duty training, or full-time National Guard duty (i.e., pursuant to orders issued under federal law), the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency. "Service in the uniformed services" or "service" means the performance of duty on a voluntary or involuntary basis in the uniformed services under competent authority, including active duty, active and inactive duty for training, National Guard duty under federal statute, a period for which a person is absent from employment for an examination to determine his or her fitness to perform any of these duties, and a period for which a person is absent from employment to perform certain funeral honors duty. It also includes certain service by intermittent disaster response appointees of the National Disaster Medical System.

Duration of USERRA Coverage
General Rule: 24-Month Maximum. When a covered employee takes a leave for service in the uniformed services, USERRA coverage for the employee (and covered dependents for whom coverage is elected) can continue until up to 24 months from the date on which the employee's leave for uniformed service began. However, USERRA coverage will end earlier if one of the following events takes place: A premium payment is not made within the required time; You fail to return to work or to apply for reemployment within the time required under USERRA (see below) following the completion of your service in the uniformed services; You lose your rights under USERRA as a result of a dishonorable discharge or other conduct specified in USERRA.

USERRA and Health FSAs
USERRA's continuation coverage requirements for health plans apply to health FSAs. USERRA has no special rules for health FSAs. For example, the limited COBRA obligation for certain health FSAs (as described in the attached COBRA Election Notice) does not apply under USERRA— under USERRA, the right to continuation coverage generally lasts for up to 24 months (unless one of the events described above takes place).

COBRA and USERRA Coverage Are Concurrent
This means that COBRA coverage and USERRA coverage begin at the same time. However, COBRA coverage can continue for up to 18 months (it may continue for a longer period and is subject to early termination, as described in the attached COBRA Election Notice). In contrast, USERRA coverage can continue for up to 24 months.

Premium Payments for USERRA Continuation Coverage
If you elect to continue your health coverage pursuant to USERRA, you will be required to pay 102% of the full premium for the coverage elected (the same rate as COBRA), at the times and using the procedures specified in the attached COBRA Election Notice. However, if your uniformed service period is less than 31 days, you are not required to pay more than the amount that you pay as an active employee for that coverage.

For the full USERRA notice of rights, which includes details regarding periods of uniformed service as it relates to report-to-work requirements, please see Human Resources.

PREMIUM ASSISTANCE UNDER MEDICAID AND CHIP

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs, but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2018. Contact

Are there limits to my contributions?

The retirement plan includes an automatic contribution arrangement. Please refer to the notice provided to you by your plan sponsor for details.

You may choose to contribute from 1% to 100% of your total pay.

Your taxable income is reduced by the amount you contribute pre-tax through salary deferral. This lets you reduce your taxable income.

Your maximum contribution percentage and/or dollar amount may also be limited by Internal Revenue Service regulations. Current employee contribution limits may be found by searching for 401(k) contribution limits on the Internal Revenue Service's website at www.irs.gov.

If you are 50 years old or older during the plan year and you have met the annual IRS deferral limit (or the specified plan limit for deferrals), you may contribute a catch-up deferral. If you qualify and are interested in making catch-up contributions, the current limit may be found on the Internal Revenue Service's website at www.irs.gov.

Can I make after-tax, Roth salary deferral contributions?

Roth salary deferral contributions are another option to designate your salary deferral contributions.

Plan Summary

Roth salary deferral contributions are made on an after-tax basis. You may designate any amount of the available salary deferral limit for a plan calendar year as Roth salary deferral contributions.

Roth salary deferral contributions plus your pre-tax salary deferral contributions are counted toward the annual salary deferral contribution amount and salary deferral contribution percentage mentioned above.

Distributions from your Roth salary deferral contribution account will generally be tax-free if the distribution meets the qualified distribution requirements, death or disability and you have maintained the Roth salary deferral account for at least 5 taxable years.

Can I change my contributions to my employer's retirement plan?

You may stop making salary deferral contributions at any time. You may change your salary deferral amount daily. Changes will be implemented as soon as administratively feasible.

Employer contributions

Your employer may make a discretionary contribution at the end of the plan year if you meet the requirements below.

You will receive contributions if you are an active participant on the last day of the plan year and you earned at least 1,000 hours during the latest accrual service period ending on or before that date.

Employer contributions may change in the future.

I have a retirement account with a previous employer. Can I combine the two?

You may be allowed to roll over into this plan all or a portion of the retirement funds you have outside this plan. You may then withdraw all or a portion of your rollover contributions. The number of withdrawals may be limited. Refer to your Summary Plan Description for more details.

To receive additional information, contact your Plan Administrator, visit us at principal.com or call 1-800-547-7754.

When am I vested in the retirement plan funds?

You are always 100% vested in the contributions **you** choose to defer. You cannot forfeit these contributions.

You are vested in employer contributions based on years of vesting service in which you worked at least 1,000 hours as shown below.

The vesting schedule is:

Plan Summary

If I need to take a loan from the plan, what are the guidelines?

You may borrow up to 50% of the vested account balance or $50,000.00 (whichever is less). Amount available is reduced by an outstanding balance or by the highest outstanding balance in the past 12 months. This includes all loans (new loans taken in the past 12 months, loans paid off in the last 12 months, and all defaulted loan balances, no matter how old the loan).

The minimum loan amount is $1,000.00.

Up to 1 loan(s) can be approved in a 12-month period. You may have 1 loan(s) outstanding at any time.

The interest rate will be determined when you apply for your loan. You pay back both the principal and interest directly to the account held for you in the plan through payroll deduction.

Loans must be repaid within a five-year period. See your loan administrator for additional details.

Refer to your Summary Plan Description for more details on contributions available for a plan loan.

Other Information

Your salary deferral contributions are included in the wages used to determine your Social Security tax.

This plan summary includes a brief description of your employer's retirement plan features. While this plan summary outlines many of the major provisions of your employer's retirement plan, this summary does not provide you with every plan detail. The legal plan document, which governs this plan, provides full details. If there are any discrepancies between this plan summary and the legal plan document, the legal plan document will govern.

From time to time, your employer may elect to amend the retirement plan provisions. This plan summary may be updated to reflect proposed amendments to the plan document provisions. Until a plan amendment is adopted, however, the legal plan document will govern. Contact your plan sponsor if you would like more details regarding applicable retirement plan provisions.

Most withdrawals/distributions are subject to taxation and required withholding. Check with your financial/tax advisor on how this may affect you.

The Principal® is required by the IRS to withhold 20% of the portion of a distribution that is eligible for rollover if it is not directly rolled over to another eligible retirement plan, including an IRA, or used to purchase an annuity to be paid over a minimum period of the lesser of 10 years or the participant's life expectancy. This withholding will offset a portion of federal income taxes you owe on the distribution.

The retirement account may be affected differently by individual state taxation rules. Contact your tax advisor with questions.
